Discussion:

1. Deputy Mayor Noseworthy explained that tonight's meeting was called to select workers for the CEEP project we received.

We have 806 hours for laborers and 435 hours for manager's position.

There were a number of applicants requiring higher numbers of hours. We have to get the most hours we can in order to operate to project. Discussion was held and workers requiring 57 hours, 416 hours and 335 hours were selected for the labor position which would bring our total labor hours to 808. The manager position requires 427 hours. This would see us using less managers hours. Check will be made with the Department of Municipal Affairs to see if the selections made are acceptable. There was a second option selected if the Department did not accept the original selections.

Adjournment:
