

**June 7<sup>th</sup> 2016 @ 10:00am**

Please be advised that residents will experience low water pressure and discoloration in the water over the next 10-12 hours.

The main pump house has been shut down to accommodate for the continuing work on the water lateral replacement.

For the next 10-12 hours, water supply will be from the tank reservoir alone so the town is asking residents to conserve water.

Thank you for your cooperation

*The Town of Badger*
